TODD A. MARTIN
FIRE MARSHAL

Multi Lakes Conservation Association
3860 Newton Road
Commerce Township, Michigan 48390

5/10/06

Mr. Daniel Peltier
Chairman of the Board

On April 9th of this year our department toured your facility. It was a pleasure to visit and meet many of your very helpful members. Fred Trott and Larry Gray arranged the tour for the fire department. Barry Anderson assisted us in visiting the many locations on the grounds at Multi Lakes. My compliments to all of your members who assisted us.

We are looking forward to assisting with the Youth Camp Out on Saturday May the 20th as well as possible future training at your facility. In the event of a fire, members on the department would like to assure pre-plan activities including drafting water from a lake on the property.

As a result of this tour/training our members are more familiar with the buildings and their construction on this property. Again, thank you for your assistance.

(p.s. – the country breakfast was outstanding!)

Respectfully,

Joseph R. Schornack, Fire Chief
Commerce Township Fire Department
