## Lock Boats, Please!

Vacation time is here and once again our grounds are being visited by quite a few vacationing adults and children. Since our grounds aren't under surveillance at all times, it is suggested that all boats on club property be securely fastened and LOCKED, for your own protection.

If you have occasion to doubt that some of our visitors are members, or with members, it is your privilege to ask about their membership card, or report their presence at the

# 14th Annual M.L.C.A. Picnic Sunday, July 21

Bring the entire family and spend the day..

Games for young and old, with emphasis on the kids! Horse shoes.

No other activities permitted on the club grounds that day. John Ivory ponies will be here for the kids' riding pleasure -All Free.

Free ice cream for the kids. Gifts for every kiddie.

This is also the biggest event of the year for all us old timers and new members to get acquainted and talk over old times.

Come Early—Stay Late—Be assured of a picnic table if you have folding tables or chairs, better bring 'em you might need them.

Walt Peters and Eddie Blovet, our beloved clowns, will be here to entertain the kids. Eddie Chaplow, the keystone cop will patrol the grounds.

Would you like to contribute a prize—value not to exceed \$2.00? Help your committee ..

## Outdoorama Advertising

DON'T FORGET TO GET YOUR OUTDOORAMA ADS IN!!!

Deadline for Outdoorama ads is August 1. We are counting on all members to "Take an ad or get an ad." More than one ad per member would be greatly appreciated.

Also don't forget about the drawing for five percent of the gross take. One chance in the pot for each \$5.00 worth of ads.

Send completed ad forms to Bill Miller, 15643 W. McNichols, Detroit 35, Michigan. Enclose the payment or we will bill the advertiser.

**COMMERCE**

Member M.L.C.A.

Help the Club—and help make the kids happy. Bring them to the Clubhouse, but come regardless.

For members, their guests and all their kids.

Picnic Committee Chairmen

## Meanderings

About 25 M.L.C.A. members and their wives attended the Tiger-Yankee ballgame in Detroit June 7. Sons will have an opportunity to take their dads (or vice versa) to see Boston and the Tigers play July 12. The bus will leave the clubhouse at 6:30 p.m. Thanks to Ray Larsen for donating the butter used at the June 29 President's banquet. 77 pints of blood from 95 donors was rather disappointing at M.L.C.A.'s first attempt to start a blood bank July 2. Howard Perkins and his crew did their usual good job at providing food for those working, and Red Cross workers were pleased with the setup. Herb Harvey is convalescing from recent surgery, as is Harry Sutton from recent illness. Both are board members. Mr. and Mrs. A. Dixon left for N. Y. after the President's banquet to attend a funeral. Returned in time to give blood. Fred Sutherland and family have moved to Farwell, and reside at 678 Surrey rd. He will maintain his M.L.C.A. membership. Don't forget to do your part for the August 17-18 OUTDOORAMA. START NOW. Remember the Golden Rule...

Fishermen are reminded that a lost or destroyed fishing license can be replaced for 50 cents by any license dealer. In order to obtain a duplicate permit, an affidavit must be signed stating that the original license was lost or destroyed.

Meeting—July 17

## Balance of Little League Schedule

July 4—Tigers—4 p.m. Thursday  
7—Yanks —2 p.m. Sunday  
14—Red Sox —2 p.m. Sunday  
15—Orioles—6 p.m. Monday  
21—Indians—4 p.m. Sunday  
26—Tigers—6 p.m. Friday  
28—Yanks—4 p.m. Sunday  
August 4—Red Sox —4 p.m. Sunday  
5 — Orioles — 6 p.m. Monday  
11 — Indians — 4 p.m. Sunday  
16 — Tigers — 6 p.m. Sunday  
18 — Yanks — 4 p.m. Sunday  
23 — Red Sox — 6 p.m. Friday  
25 — Orioles — 4 p.m. Sunday

All games are played at Walled Lake.

Hunters bagged approximately 1,126,000 pheasants, 1,487,000 cottontail rabbits, 300,000 ruffed grouse and 492,000 ducks during Michigan's 1956 small game seasons, according to preliminary information from the Conservation Department's annual post card poll of hunters.

# June Board Meeting

The meeting was called to order at 8:25 p.m. by Chairman of the Board Karl Wysong. In the absence of Herb Harvey, Weldon Payne was pressed into service as acting secretary. Present were the following members:

- Adams
- Rahn Perkins
- Purdie Chabot
- Gladstone Horner
- Chaplow Wysong
- Pullis Payne

Absent were:  
Herb Harvey (hospitalized and excused)

Geo. Jaffrey (excused-had to work)

Harry Sutton (hospitalized and excused)

Geo. Weldon (unreported)

The Secretary reported a communication he had received announcing a meeting of District Seven of Michigan United Conservation Clubs to be held on Sunday, July 7th, at 1:30 p.m., at the Club House of Oakland County Sportsmens Club in Waterford. Payne reported that ordinarily District meetings are not held during the summer months, however District 7 has been honored by having the Ludington Convention select one of its members as Treasurer of MUCC—none other than Director Mike Burke of Genesee Sportsmens Club of Flint. This leaves a vacancy on the MUCC Board and Multi-Lakes members are urged to attend and have a voice in the selection of a director and any other business that comes before the meeting.

In Treasurer Jaffrey's absence, Board Chairman Wysong presented the following invoices for consideration of the Board:

- Michigan Dep't of Revenue (April Sales Tax) ..... \$ 47.73
- Michigan Dep't of Revenue (May Sales Tax) ..... 59.96

	<b>\$863.71</b>

Chaplow moved that the invoices presented be approved for payment. Supported by Horner and the motion carried. Chairman Wysong again acting in the stead of our absent Treasurer, read the Financial Report as of July 1, 1957, which showed a cash position of \$9,891.70.

Wysong read a letter from Mr. Langerman of the Walled Lake Consolidated Schools stating that there were 5 children whose parents were unable to pay the full amount to attend day camp, and asked if our group would consider paying \$42.00 to provide for these children to attend this camp. It was brought out that at a previous meeting the Board had authorized providing for these children and the Treasurer was directed to issue a check for \$42.00 to Walled Lake Consolidated Schools.

An extended liability policy was presented to cover the Outdoorama event (Up to \$10,000 for each person and \$20,000 for each accident). No one knowing anything about this policy, the Chairman directed that it be turned over to the Outdoorama Committee. President Chabot reported on permanent roadside signs to direct persons to our property. It was moved by Pur-

die that we appropriate up to \$75.00 to furnish 6 signs reading Multi-Lakes Conservation Association, plus a directional arrow on a background approximately 30" x 48." Supported by Gladstone. Discussion brought out that the signs were to be of a permanent metal construction—blue background and yellow lettering—frame, posts and erection to be provided by club members at no cost. The motion carried.

Vice-President Howard Perkins reported that 5 aluminum combination storm and screen windows in the bar room area were badly in need of repair and 5 new combinations were a must in the recently constructed kitchen and office. Payne moved that up to \$143.00 be appropriated for this work. Pat Chaplow supported and the motion carried. Perkins also reported that the paint on the outside trim was in bad shape and that Charles LeMay gave him a bid of \$125.00 for painting the wood trim and eave troughs on the old portion of the Club House, touch up the bar trim and the switch and fuse box. Gladstone moved with Adams supporting that \$125.00 be appropriated for this work. The motion carried. Perkins discussed the falling attendance at our bi-weekly dances, the Board authorized the Entertainment Committee to use

their discretion as to whether or not they continue these dances for the balance of the summer. Perkins said he would try one more dance and would send out a flyer. If it is not successful he will cancel them for the balance of the summer. Rahn said we had 160 signatures for blood bank donors. The Red Cross people will be at the Club House from 4 to 6 p.m. and 7 to 10 p.m. on July 2nd. He asked for permission to feed the Red Cross personnel. It was moved by Purdie that Perkins be authorized to spend what is necessary to serve a lunch for these Red Cross people. Adams supporting, the motion carried. Weldon Payne gave a preliminary report on the MUCC Annual Award. He thanked the Board and all the members of Multi-Lakes for compiling an unprecedented record for a club of our size in the history of the annual Award— an unbe-

lievable \$9,300.00, in the face of difficult industrial conditions, when nearly every large club in the state dropped from \$500 to \$2,000 over last year. The Board thanked Payne and his committee for a job well-done.

Adams moved that \$500.00 be transferred from our General Fund to the Retirement Fund. Horner supported and the motion carried. The Retirement Fund now contains \$2,785.76. Wysong reported receiving a letter of complaint from member Barney Poplawski against the actions of a member. After some discussion it was moved by Chaplow and supported by Adams that the parties involved be instructed to appear at the July Board Meeting. Carried. Adams reported on the 1958 District 7 Boys Camp at Proud Lake. In the early spring District 7 of MUCC had asked Multi-Lakes members to head

up this committee because of our experience and fine record along this line in past years but at the time no facilities were available during the summer months and Adams stated that it would be necessary to make reservations nearly a year in advance. Adams was urged to attend the District 7 at Oakland County Sportsmens Club with Bill Floto who is interested in this project. Horner moved adjournment. Adams supported and the motion carried at 10:50 p.m.

Respectfully submitted,

L. Weldon Payne,  
Acting Secretary

## AUGUST 17 - 18

Volunteer Your Services Now to Serve

as Part of the Outdoorama Committee

## June Membership Meeting

Wed., June 12, 1957

The meeting was called to order by Vice President Perkins at 8:15 p.m. with the following officers present:

Perkins, vice president  
Harvey, secretary  
Jaffray, treasurer

Pullis, membership secretary

Chabot, president (who arrived a few moments after the meeting opened).

The members present stood and pledged allegiance to the Flag.

The minutes of the May membership and May board meetings were accepted as printed in the Multi-Laker.

Marion Pullis read the names of four new members, one of whom—H. Fisher, was present to receive his card. Marion reported a membership of 804, and all are in good shape with M.O.O.D.

The treasurer's report was accepted as printed in the Multi-Laker.

Jack Van Coevering was present, and presented "Fishing Throughout the U.S.A." Lots of oh's and ah's for a very fine picture.

Vince Spencer, Archery, reported a good turnout at all shoots, and another Metro shoot to be held a week from Sunday. Vince has lots of openings on his committee for Outdoorama. Give him a hand, will you?

Nick Lup, Nominating, announced the first meeting of his committee for next Wednesday at 7:30 p.m.

C. Wein, Athletics, announced

that we have two teams battling in the Little League, and our boys won their first out. Come out and give them some support. Clarence promised a schedule would be printed in the next issue of the Multi-Laker.

Iner Hurd, kids picnic, says the picnic is big news for July 21, starting at 12 noon. Iner wants some help on a work bee the Saturday before the event. Come out and help! Iner would like to have a drawing, something like our door prize effort, for the kids. If you have anything you could donate, leave it at the Bar. Let's do everything to give the kids a big day. The Ivory ponies will be here, Kids!

Al Dixon, Outdoorama, says he needs help. We all know this, so let's do something about it. Advertising at the moment is the pressing need. A much better and bigger program is in the making and Al and the boys have come up with an idea to make it worth while selling some ads. Come out to the club, and look over the big committee list, pick out the one you want to work on, and sign up. This project takes a lot of work, and needs a lot of help. Don't kill off a few good members, just for want of a little effort on your part.

H. Perkins, entertainment, promises a fine meal and good entertainment for the June 29 President's Banquet. Tickets are on sale and limited to 250.

Warren Neuenschwander, legislation, has investigated a report of water pollution in Reed Lake, but found out merely that some residents on the south end had been constructing a beach, pumping marl out, and sand in, which had riled the water somewhat. Our doughty president has his eye on the situation. Warren reported the Great Lakes fishing license bill lost. The hunting preserve bill was passed, and the license increase was passed. The state park entrance bill passed but was vetoed by the governor.

G. Jaffray announced an ap-

proximate income figure from the sale of M.U.C.C. tickets as \$8,600.00.

It was also announced that our esteemed member, L. Weldon Payne, had been elected a director of M.U.C.C. for a one year period.

At this time G. Stauch, door prize dispenser deluxe, came forward and graciously dispensed the following list of prizes:

1. Net, E. Schultz
2. Fish Cake, C. Dyer
3. Tackle Box, B. Evans
4. Warm Can, C. Reuther
5. Fish Cake, P. Nave
6. Live Net, J. McDonald
7. Cow Bells, W. Ferzacco
8. Bus Bedding, P. Nave
9. Trout Net, R. Jackson
10. Cow Bells, J. Ritter
11. Fish Cake, J. Johnson
12. Worm Bucket, E. Barmdraker
13. Picnic Jug, P. Chaplow
14. Boat Cushion, D. Verkler
15. Fly Rod, R. Jackson
16. Spinning Rods, R. Durand

This wound up a large evening's entertainment, and for the "Early Birds" it was "Home Go" at 10:50 p.m.

Respectfully Submitted,  
H. Harvey, Secretary

# MLCA Little Leaguers Lead League on July 1

By Cliff Campion

Going into July M.L.C.A.'s Little League Baseball team, the Cardinals, are in the lead with six wins and no losses. Fourteen games remain on the schedule.

On June 10 the Cardinals first game was called in the last half of the fifth inning, with the Cards leading the Union Lake Indians 16 to 11.

Esler started for the M.L.C.A. team and was relieved in the third by Bales. Woodward was behind the plate.

The Indians used three pitchers, Dagenais, Humble and Roc, to no avail. Mark did the catching.

June 16

Third baseman Esler lead the seven hit attack on two Tiger pitchers with a third run over

the left field fence with one on in the first inning.

Although the Tigers tied it up in the third inning, the Cards were never behind as they went on to win 9 to 2, behind the six hit pitching of Campion. Campion struck out 7 and walked only two.

Left fielder Mott turned in a couple of very good defensive plays to keep the Tigers from scoring and alert base running by the rest of the team made the six hits they got, pay off.

June 17

In a brilliant pitching duel between Bales of the Cards and Oldenkamp of the Yanks, the Cards came out on top 2-1. Bales turned in a neat one-hit performance, and Oldenkamp allowed only two hits in a losing cause. Both pitchers gave up only two walks each.

The big blow of the game was Shortstop Trudeau's home run

in the last of the third with Mott on base. Pete Woodward turned in his usual good job of catching.

Monday June 24

The Cards continued their winning ways by defeating the Red Sox 7-2 in a game played in a very light drizzle. Nine hits were divided between seven men and the team played errorless ball to give Esler his first win. He allowed the Sox only three hits, and gave up three walks.

June 26

At the end of five and a half innings, the Cards found themselves leading the league with five straight victories. Today's 4-1 win over the Orioles was a big one for the Cards as both teams had won four games in a row.

Bales pitched a good game, and was tough when there were men on base. The Oriole pitcher also pitched a good game, but the walks he gave were what beat him.

Fielding play of the game came in the third inning when the right fielder, Williams, threw a runner out at first base.

June 30

The Cards continued to play winning ball, taking a close game from the Indians 4-3 as Campion struck out the last three batters to face him in the sixth inning. He struck out a total of 11, and walked five.

The Cards outhit the Indians 7 to 4, but the five errors the Indians made did not figure very much in the scoring.

Manager Clare Wein is assisted by Coaches Cliff Campion and Norm Trudeau, while the farm team is under the direction of Don Freeman.

In the pitching department, Jim Bales won three, lost none; Ralph Campion won two, lost none; and Robbie Esler has won his only start.

Home run hitters to date are Ricky Trudeau and Robbie Esler.

## Beauty Contest

"Queen of Multi-Lakes" will be selected August 17 at Multi-Lakes clubhouse and will reign over the sportsmen's activities being held through August, 18.

The 'queen' will be royally entertained throughout the event and will be awarded various prizes along with being given a publicity break in the leading newspapers.

Girls eligible to enter the contest must be between the ages of 16 and 27 years, married or single.

Those desiring to enter please fill out entry blank form and furnish recent photograph to Multi-Lakes Conservation Association, 3860 Newton Rd., Walled Lake, Michigan.

For further information call Mrs. Marze Smith, EMpire 3-6198.

# Sea Bee National Convention To Be Held In Detroit

Do you feel run-down lately? Are there spots before your eyes? Are you often in the dog-house, and, what's worse, don't care? Do the kids call you a grouch—and rightly so? Let's face facts, Brother, you don't need a tonic or little pink pills. You Need A Vacation!

Just what is a vacation? It's a time of relaxing with the family; when you're free of cares; with entertainment handy; good friends to see; and lots to talk about and to remember. And, of course, a good place in which to do it all.

All these things can be found for you at the Seabee National Convention to be held in De-

troit, Michigan, August 9-10-11. With the convention headquarters at the Fort Shelby Hotel, you'll be right in the thick of the goings-on, and it's a good central place from which your family can start their daily excursions to the many very nice things that Detroit can offer them as you remain behind to hash over old times and meet with old and new friends.

The convention committee has planned an excellent program which will hold your interest throughout the week-end, and we bet dollars to doughnuts that you'll make your way homeward with a refreshed feeling and the happy thought that this convention and vacation was one of the best yet.

For further information write to or call Mrs. Leo F. Crowley, 14035 Longacre Road, Detroit 27, Michigan, Convention Secretary, Vermont 5-8528.

# Archery Deer Hunters Set Record Last Year

Archery deer hunters bagged a record total of 2430 whitetails during the 1956 hunting season, according to recent estimates based on the Conservation Department's annual post card poll of hunters.

The previous high for bow and arrow hunters was set in 1955, when 2310 deer were taken.

Archery deer license sales also established a new record, with 42,368 resident and non-resident permits sold—bettering the previous high of 37,200 in 1955.

Bow and arrow hunters enjoyed their best success in the northern lower peninsula last fall, bagging 1850 deer compared with 1660 in 1955.

Meanwhile, kill figures dipped slightly last fall in the upper peninsula and the southern lower peninsula, but still were the second-best archery in history for these two regions.

Archers took 500 deer in the U.P. and 80 in the southern lower peninsula, compared with 550 and 100 in 1955.

Dance—July 13

Outdoorama—Aug. 17-18

### Ingenuity

Several youngsters were seen recently down on Reed lake-front with a 'handle' sticking in the ground.

When questioned as to what they were doing, they said they were after fishing worms.

It was suggested to them that they do their digging up near the woods where people wouldn't step in the holes they were digging.

They answered, "We're not digging holes. We stick a pitchfork in the ground and snap it back so that it vibrates

and the worms come to the surface. Then all we do is pick them up."

Further conversation with the kids revealed that they had also been catching Reed lake fish using wild strawberries for bait.

Might try it sometime, and see how you make out.

# Annual Banquet

More than 200 persons attended the June 29 President's Banquet held at Multi-Lakes clubhouse. Walt Horstman was master of ceremonies at the affair which honored President and Mrs. Ray Chabot, and 1956 Vice President and Mrs. Walt Peters.

Arrangements for the annual event were made by the Special Events committee, with Al Dixon and Harold Smith as co-chairmen. Diz Trout, former Tiger pitcher, was guest speaker.

The delicious roast beef dinner was prepared by Vice President and Mrs. Howard Perkins, assisted by Mr. and Mrs. Harry Helvey, Mr. and Mrs. Ed Oldenkamp, Mrs. Harold Purdie, Mrs. George Jaffray, Mrs. Nick Lup, Mrs. Kay Puckett and daughter.

Floyd Snyder's orchestra provided music for dancing following the dinner and program.

**Dance—July 13**

# Worthwhile

If there's any doubt about catching fish in Reed Lake, consult L. Tonge and O. Carlson, pictured above. They will gladly tell you about the mess of fish they caught in our lake.

## Red Hot Salesman

Iner Hurd

Here is a two-fisted, hard-hitting Multi-Lakes member who is the talk of the State of Michigan these days, and we're mighty proud of him at Multi-Lakes. He accomplished the almost unbelievable feat of disposing of 100 MUCC Award books. That means he turned in \$1,000.00!!!

Taking no credit from our wonderful members who sold from 1 to 41 books each, this red-hot member this year, made up for his "poor showing" of last year when he sold a mere 61 books!

He's not only our star salesman but a right-hand man of his idol, Clayton Adams. Every Monday night finds him bringing kids out to the range house from Detroit and assisting in the Junior Rifle Program.

Iner's bread and butter comes from his stake truck, but with the running around he does in it for Multi-Lakes we wonder how he shows any profit.

Now that the 1957 Annual Award is over, Iner is concentrating on the Kid's Annual

Picnic, being co-chairman with Roy Stiles. He's button-holing everyone he sees for a prize for the kid's events on the big day.

And last but not least, those lucky people who attended the Annual President's Banquet and Ball on June 29th were treated to Iner's impromptu "Al Jolson" vocalizing and with "Diz" Trout, the guest of honor, was the hit of the evening.

Weldon Payne

## Band Mourning Doves in Forty - Four States

The second year of work is under way on the U.S. Fish and Wildlife Service's five-year mourning dove banding program, in cooperation with conservation departments in 44 states.

Last year, more than 1,500 volunteer workers took part in banding operations and some 45,000 adult and nestling doves were banded. The program is designed to gather information on year-to-year changes in mourning dove populations. The goal for the five-year period is 200,000 nestlings banded.

The mourning dove is the most popular migratory game bird in the nation, based on the annual hunter bag. Some 19 million were legally taken by hunters in 1956, according to the Fish and Wildlife Service.

The mourning dove is found in every state in the nation and is considered a game bird in 30 states. In the other states, including Michigan, the dove is protected from hunting throughout the year.

Some of our committees: "It takes all the fun out of work when you have to do it yourself."

## Raccoon Came Back to Free Load on Garbage

About mid-May, Nolan S. Walker, an Oldsmobile Motors executive, got tired of setting up the garbage cans in his East Lausing back yard each morning and vowed to catch the culprit that was upsetting them.

He went to nearby Rose Lake Wildlife station, borrowed a live trap, set it in his back yard, and on the night of May 22 caught the troublemaker — a full-grown raccoon.

He put the trapped animal in the trunk of his car and returned to Rose Lake. Biologists there tagged the animal and released it two miles east of the station.

For a short time, all was serene along residential Kedzie Drive. Soon, however, another rash of well-rummaged garbage cans swept the neighborhood.

Again Walker journeyed to the wildlife station, borrowed a live trap and set it in his back yard. One night in June, he again scored a capture and — you guessed it — his guest was the same raccoon caught in the first trap.

It had traveled the 10 miles from station to garbage can in eight or nine days.

Maybe this ends the story and maybe not. At least for the moment, the local wildlife is subdued and the forces of civilization are in the ascendancy.

## 50,000 Montana Graylings Will Be Planted

Some 50,000 tiny Montana grayling have hatched and are being raised in fish troughs at Wolf Lake hatchery, west of Kalamazoo.

The youngsters, purchased as eggs from a Montana state hatchery, join 650 other grayling which were hatched at the Wolf Lake station last spring. The fish in last year's batch are now 2-3 inches long.

The Detroit News gave the state Conservation Department \$1000 in the spring of 1956 to initiate a program to bring grayling back to Michigan. In the latter half of the 19th Century, Michigan streams were noted for grayling fishing and the present city of Grayling was named for this colorful

trout-like fish. Native populations of the fish were abundant here until about 1900, then declined and finally dropped from sight after 1935.

State biologists hope to establish the grayling in Manganese Lake, Keweenaw county, this fall. The remote, 52-acre lake is ideal from the standpoint of water temperature, food supplies and other factors. The lake will be chemically treated this fall to remove other fish.

It is not expected that grayling will ever reach fishable numbers again in Michigan, but plantings are designed to establish a "museum piece" population for exhibition and educational purposes.

## Puppy Match Held at MLCA

The English Spring Spaniel Club of Michigan held its annual puppy match and obedience trial on the lakeside lawn at Multi-Lakes Conservation grounds. Dr. F. D. Rutherford of Detroit finally awarded George Dwyers' Gay Beauty's Gay Blade the rosette for best in match, and best of opposite sex went to Art Armstrong's Gay Beauty's Princess Pat.

Highest scoring dog in obedience under Judge Earl M. Williams was Miss Doris Palmer's Millie with 191 points out of a possible 200.

Judge Ken Holem selected Miss Tamara Buttrum "Best Junior Showman."

## Watersmeet Is Popular Resort Center

Like many another Upper Peninsula community, Watersmeet—lying near the Wisconsin border at the crossroads of two federal highways — is truly a sportsmen's Paradise.

But Watersmeet, in an area of 312 lakes and 242 miles of fishing streams, benefits more than most, proportionately, from a growing tourist and resort trade.

In fact, the tourist trade today can be called Watersmeet's most important. Besides its numerous lakes and streams, cool evenings and good roads, the community has ample gas stations (12), restaurants (12), hotel, motels, overnight cabins and resorts (46 such establishments) and grocery stores (3), proprietors of which go all-out to provide a hospitable atmosphere to make tourists feel welcome.

The people themselves (there are about 1,100 permanent residents and double that number at any time during the summer resort season) are community-minded, backing up the claim of Mrs. Joyce Hupp, president of the Watersmeet Chamber of Commerce, that "We have one of the nicest communities in the Upper Peninsula."

Although origin of the town's name is apparent, few persons are aware of exactly how it became known as Watersmeet.

During a government survey,

one surveyor is reported to have asked another where he was stationed. The other replied, "Down where the waters meet." He referred to the great divide of the Mississippi-St. Lawrence watershed located about five miles south of this little Gogebie County village, and ever since it has kept that name.

In spite of the fact that Watersmeet in its early days never had a sawmill—or possibly because of it—the village did not go the way of numerous sawmill communities and become a ghost town.

It is situated, however, in the midst of vast acres of virgin timber and cutover country which, in addition to providing splendid habitat for deer, provides timber and pulpwood for three companies employing about 80 men and shipping its products to other U. P. communities and out of the state every day.

The U. S. Forest Service employs about 50 persons (range headquarters for a district of the Ottawa National Forest is located here), while the U.S. Forest Nursery largest in the country, by the way, provides employment for another 50 from about April 15 to Nov. 1.

The U. S. Nursery provides millions of seedlings annually, shipping one-two-and three-year old species of such trees as white pine, spruce and balsam to many states.

One of the region's biggest attractions is the Watersmeet State Fish Hatchery, where millions of rainbow, brook and German brown trout eggs are hatched and the young fry reared to the planting stage, along with many other types of fish. Cold spring water and natural surroundings make this community a logical place for such an industry, which provides employment for another 10 persons.

Although Watersmeet once depended, more or less, on the railroad for its existence, only the Broad employees make this their home today. The same number are on the Gogebie

County Road Commission payroll at the garage here, with another 15 joining in maintaining highway facilities during the spring-fall period.

Culturally, Watersmeet has as much to offer as any other small town and its educational facilities—including a consolidated high school—lack little in the extended curriculum available in modern and larger schools. "Our community building is adequate and our churches Congregational, Baptist and Catholic—are outstanding in their assistance in community functions and religious guidance," Mrs. Hupp reports.

In the heart of the lumbering, fishing and hunting area of the western Upper Peninsula and northern Wisconsin, the Watersmeet area long has been known as the fishermen's and hunters' Paradise. Two of the principal fishing streams, the Ontonagan River and Duck Creek, are right on the edge of town. There are 12 public beaches and fishing sites and more are being developed.

Nearly the entire adult population works hard through community and civic groups to make Watersmeet grow. Among the leaders in this program are Budd Wilbur, township supervisor; Clyde Britten, president of the Lions Club; Martin Hagstrom, president of the Conservation Club, and Mrs. Hupp.

Knowing that the tourist industry is the brightest hope for Watersmeet's growth, the community has conducted an extensive advertising program annually, including participation in sports shows at Chicago, Milwaukee, Detroit and Cleveland, and has been one of the Upper Peninsula Development Bureau's steadiest supporters over the years. "We are aware that united promotion is bene-

fitting the entire Peninsula, including Watersmeet, but we need to augment the Bureau's efforts with our own advertising program to keep the tourist industry growing for our own area," Mrs. Hupp declared.

Bond Falls, located north of the town off the old Military Highway built in Civil War days, is the principal scenic attraction of the Watersmeet area. Many others are found, whether one turns west (toward Ironwood) or east (toward Iron River) on Highway US-2, or continues north (toward Ontonagon and Houghton) on US-45. And for those who like to travel that way, the Cisco Chain-O-Lakes makes one of the best scenic canoe trips in this north country.

### Away Back When They Sold Shells At Bargain

Conservation Department game biologists Gene Gaslay and Edward Mikula have a feeling they were born "60 years too late."

The two Department workers recently were inspecting some old buildings which are being torn down at the Tobico Marsh state game area when they came across some newspaper mats dating back to September 24, 1897.

The mats, from the Bay City Times, carried the following advertisement:

"Hunters, Attention. We have just received a carload of Rival Loaded Shells, 10 and 12 gauge, that are selling for 35 cents a box. We also have a quantity of second-hand guns that we are selling very cheap."

A box of shells today, of course, costs about ten times what it did in "the good old days" of 1897.

## Tame Pair Of Canadian Wild Geese

Last spring when wild geese were winging their way northward a pair stopped by the boathouse belonging to Mrs. Myrtle Schadel on Cedar Lake, Livingston County. They built their nest beside the lake. Five eggs hatched and the pair have succeeded in raising four little ones.

The flock has become very tame. They stay around the yard and picnic grounds for hours and come to the house to be fed.

### Small Game, Fishing Fees Boosted by State

Small game hunting seasons in the southern lower peninsula will open October 21 this year, instead of October 20, and the rabbit season in that region has been extended one month--through March 1.

These are two of the changes made in conservation laws by the 1957 legislature.

Other action by the legislature included:

Hunting license fee increases --resident small game, from \$2 to \$3; resident deer and bear (firearm or archery), from \$3.50 to \$5; resident trapping, from \$2 to \$3; nonresident small

game, from \$15 to \$20; nonresident archery deer and bear, from \$10 to \$15; and camp deer permit, from \$3.50 to \$10.

Fishing license fee increases --resident annual, except trout, from \$1.50 to \$2; nonresident annual, except trout, from \$4 to \$5; nonresident 15-day permit, except trout, from \$3 to \$4; and resident or nonresident trout stamp, from \$1 to \$2.

All other hunting and fishing license fees remain unchanged. The new license prices will be effective this fall for hunting licenses and January 1, 1958 for fishing licenses.

**India Recreation Expert Visits State Parks**

A recreation organizer from India, Dalton A. V. Rabot, will tour Michigan June 27-July 1, studying recreation programs and facilities in state parks.

Rabot is from Ceylon, India, where he handles recreation programs for employes of Lever Brothers Company. His visit to the United States is part of an information exchange program of the International Recreation Association. Under this program, visitors from other countries are able to study community and state recreation and its relationship to other aspects of American life.

During his stay in Michigan, Rabot visited group camps at state parks and recreation areas and inspected different types of state parks and their facilities.

Included on the schedule were trips to group camps at Oqueoc, Waterloo, Proud Lake, Yankee Springs and Ludington;

visits to Interlochen, Traverse City and Young state parks; and an inspection of the AFL-CIO day camp program at Muskegon.

Rabot has long experience in recreation organization in India and assisted in the formation of Boys Town in Ceylon and the National Recreation Association of Ceylon.

**The Cover Picture**

—Photo by Gene Proulx

Troop 298 of Canton community was the first 1957 group of Boy Scouts to take advantage of M.L.C.A.'s beautiful grounds for a weekend campout.

M.L.C.A.'s camp grounds are available to Scout troops for overnight or weekend campouts, and are also used by some groups for hiking.

**Grounds Crew Shrinks**

Harold Smith's grounds crew keeps getting smaller. Only four hardy members showed up on Sunday, June 2 to help him set out flowers, etc.

Special thanks for their help go to Roy Brunzell, M. K. Brackney, Russ Bachelor and Frank Roselle.

**Sturgeon on Display**

Two sturgeon have been placed in a pond at Paris state fish hatchery near Reed City and can be viewed by visitors to the station.

A sturgeon formerly was kept in the pond and proved to be very popular with visitors, but was lost in a flash flood at Paris last year.

**Junior Rifle News**

The Junior Rifle Shooters on Monday nights have suspended meetings for the summer months. The group will resume its activities about September 15.
